November 2012

P-51

by Mark Rossmann

506th FG / 457th FS Colors by Mark Rossmann

The "Sun Setters", were the VLR Mustang pilots of the 15th, 21st and 506th Fighter groups, VII Fighter Command based on Iwo Jima

The 506th FG was delivered by ship to Guam on March 17th 1945, a week later the unit flew to Tinian. 7 weeks of CAP and

practice missions were flown while North Field on Iwo was prepared for their arrival. Finally on May 11, the FG landed at North, first combat missions didn't occur until May 18th.

Black Friday, June 1, occurred when a large weather front was entered by all 3 Fighter groups. As a result 27 planes and 24 pilots were lost, on that day's mission no plane was lost

to fighters or ground fire. Headquarters lost Lt. Col. Harvey Scandrett and Capt. Edmund. The 457th lost the most pilots from the 506th FG; 1st Lt. James Best and 2nd Lt's Robert Kripple, Robert Griffith, Leonard Kloiber, William Saks. Lt. Lawrence Grennan 457th - bailed out at 5,000 ft. 10 miles from Iwo and was rescued.

TCAH This Month

The monthly meeting will be held Saturday November 10, at Fleming Field, South St. Paul, beginning at 1:00 pm. Vendor baiting will begin about 12:00, so come early.

Secretary's Notes

by Jeff Fries

Meeting called to order by Mark as President had work conflict. Visitor and guest speaker introduced. Nordic Con results were given.

VENDOR REPORT: Schiffer Publishing;; Axel announced new book

Republic Air Lines by our life member Terry Love.

Terry will be in town for book signing Oct. 19.

Rollmodels : Out now Classic Pub. Junkers Ju 87, Kalmbach Pub. Modeling Fighters. Also new several new Trumpeter subjects. Consult Rollmodels website for that needed item.

Nominations were taken for the year 2013 President, Merrill Anderson, Johann Allert Vice President, Frank Cuden Secretary, John Dunphy Treasurer, Jeff Fries, Tom Norrbohm Sargent-At-Arms, Bob Maderich Voting will take place at November meeting.

After a brief break Our guest speaker Kim Jacobson gave lengthy talk on Viet Nam missions as chopper pilot.

There was no business meeting due to lack of time.

REMINDER. Next month is White Elephant/Gift exchange. Participants are asked to wrap items.

(Continued from page 1)

In the end the 457th claimed 12 enemy aircraft shot down, with Capt Abner M. Aust as the only ace for the 457th FS and the 506th FG. On 16 July he was credited with three Ki-84's and two Zero's on 10 August. He remained in the Air Force flying 300 mission in F-4 Phantoms during Vietnam. Nine 457th pilots were to pay the ultimate price for the victory over Japan.

457th was commanded by: Maj. Malcom Waters 10/44 to 1/6/45 and Maj. Daun Anthony 2/6/45 to EOW.

457th FS P-51's were assigned numbers 500 to 549 and were painted with 4 inch green stripes on the rear fuselage vertical fins and stabilizer but not on the rudder or elevators. Planes began changing their identification scheme about mid-June as they went from striped tails to solid color tails, this in an effort to simplify the painting process and to have better identification of each fighter squadron. Some aircraft carried the unit badge on the rear of the cowl on the port side.

Here are two examples of the aircraft markings, stripes and solid.

"NIP 'NOCKER" (both sides), with an incomplete unit badge on port side. #531 was flown by 1 Lt. Wesley Murphy Jr., from airfield #3. He scored his only kill on 16 July shooting down a "Tojo" and damaging a "Zeke" over Nagoya. This is a Tamiya 1/48 P-51D, decals are from SuperScale sheet 48-1152.

"HEL-ETER(1st Lt. John W. Winnen, port side for his wife Helen and son Peter) / LIL –

Airline Chatter

by Terry Love

Boeing delivered the first Boeing 787 Dreamliner built in South Carolina on October 5. It is going to Air India.

Southwest Airlines ordered 268 pairs of winglets for the balance of their fleet that does not already have them. Southwest Airlines expects to save \$150 million annually in just fuel costs. The winglets also reduce takeoff noise, and extend the range of the airliner. Winglets are the vertical fins on each end of the aircraft's wing. They improve aerodynamics. They cost about \$1 million per pair.

All Nippon Airways ordered 11 more Boeing 787 Dreamliners for \$3.3 Billion.

United Airlines received its first Boeing 787 Dreamliner on September 28.

Delta Airlines's new jet fuel refinery has now started producing 185,000 barrels of jet fuel daily.

GOL, the low-cost airline of Brazil, ordered 60 Boeing 737-800s valued at \$6 Billion.

Emirates Airlines is looking to purchase 40 more Airbus A-380 jumbo jets, but the Dubai airport is running short of space for the large amount of the airliners.

Southern Air transport has filed for bankruptcy. Southern Air Transport is a cargo airline that contracts a lot to the U S Government – mainly out of Miami.

Airbus says that they have over 1200 orders for their Airbus A-330 airliner. 900 have been delivered to 120 customers.

Cameroon's government agreed to purchase 2 Boeing 787 Dreamliners for \$429 million for their national airline – Camair.

Turkish Airlines, THY, ordered 15 Airbus A-330-300s.

Delta Airlines is adding flights to Paris, France next year. The additional flights will be year-round and seasonal from 11 different airports including Atlanta, Boston, Newark, and New York City. Delta Airlines is reducing flights to Barcelona, Spain, and Milan, Italy.

Embraer delivered its 900th E airliner to Kenya Airways.

Atilara retired its last MD-80 on October 27.

Korean Airlines will retire its last Airbus A-300 on January 31, 2013.

Alaska Airlines ordered 50 Boeing 737-800s.

(Continued from page 2)

TODDIE(1st Lt. Phillip G. Alston starboard side after his daughter). #527 flew from airfield #3, as in most cases there were more pilots than planes. This was the late paint scheme with the solid green tail, #527 was lost in August while Alston was on leave in Hawaii. This is an ICM 1/48 P-51D, decals from AeroMaster sheet 48-795.

The twin UHF antennas were actually made out of wood. I fashioned mine out of flat end toothpicks.

These are among the last USAAF Mustang units to be activated for combat. If you would like to know more about the VII Fighter command, the Banzai attack and the storm of June 1, you will enjoy reading the following:

Return address requested

The Aero Historian is published monthly by the Twin City Aero Historians, Inc., a joint chapter of the American Aviation Historical Society and International Plastic Modelers Society/USA, for members and readers as part of their annual dues or fees.

The group is open to aviation enthusiasts from teenagers on up who are interested in aviation modeling, photography, collecting, art and writing. For more information contact Larry Donovan at 651-501-4755.

The Twin Cities Aero Historians (TCAH) meet the second Saturday of every month at 1:30pm.

See above for the new meeting locations and directions.

Mail Newsletter material and address changes to the treasurer.
