Wings of the North Museum Tour

After the June club meeting, members were treated to a special tour of the Wings of the North Museum at Flying Cloud Airport, in Eden Prairie. On display were an F4U-4 Corsair, the P-51D "Sierra Sue II", a B-25 Mitchell, an N2S Stearman, and other planes and aviation items.

These and many other planes are expected to fly at the Air Expo 2018 Airshow at Flying Cloud, the weekend of July 14-15.

Final Doolittle Project Update
by Dennis Strand

All completed model B-25s were gathered at the June TCAH meeting. Todd Lofquist, The Museum Officer from the CAF was in attendance to accept the presentation of the models for

the Doolittle Project. He spoke about his plans, passed around a photo of the scratch built USS Hornet flight deck that he has been working on and invited TCAH members to visit the CAF hangar as soon as the display is completed.

Again, I wish to thank all the modelers who took part in this group build. Below is a list of the B-25 models, their tail numbers and the builder who completed the kit.
